Bissell Extra large sliding crevice tool for spot and carpet cleaning

Model: 2366

Manufacturer: BISSELL

EAN: 011120244625

Product Code: 1724770

R1,076

This tool can be attached to your BISSELL carpet cleaner's, or spot cleaner, hose for more functionality.

Set the tool directly on top of the stain you would like to remove, and pull the trigger to spray a mixed solution of formula and water onto that stain. Release the trigger, and gently scrub the stain with brush bristles, to have it completely removed. Thanks to its sliding function, you can choose between 2 cleaning modes: with or without the soft brush.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
