With 2K+ resolution for stunning detail and 5m IR night vision, you'll always have a clear view—whether day or night.

Intelligent Alerts, Your Way

With AI Human & Package Detection, Doorbell 3 accurately identifies people and deliveries, ensuring you always know what's happening at your doorstep.

SD Card on Chime – Reliable Data Protection

The SD card (up to 512GB) can be stored in the indoor Chime, can be protected from theft and tampering, unlike traditional doorbells, Imou Doorbell 3 Kit keeps your data safe at all times.

Stronger Wi-Fi, More Reliable Connection

The Chime doubles as a Wi-Fi extender, boosting the signal between your Doorbell 3 and router. Enjoy a stable connection for smoother live streaming and instant responses, even from a distance.

With Chime, Enjoy More Amazing Features

- Multiple alarm & ringtones available
- Support up to 4 Chimes with different ringtones
- 120dB adjustable bell volume

No More Power Anxiety!

- 5000mAh Rechargeable Battery – no need for frequent recharges
- Optional Hardwired Power Supply (8~24VAC) – always powered

Stay Connected, Stay Secure

- Two-way Talk
- Customizable Quick Voice Reply

Rain or Shine, Your Security Never Stops

Designed for long-term outdoor use, Doorbell 3 works perfectly in rain, heat, or snow.
