With the addition of tool-less lateral micro-adjustment, the Supreme offers 1.5" of fine tune adjustment on each of the X, Y and Z axis. Serviceability is easier than ever before, with a gentle press to release, any display in the video wall configuration can be quickly extended for maintenance. Reusable spacers can be used for both portrait and landscape applications resulting in a faster install and lower cost. Enhanced cable management allows the cables to effortlessly travel in and out with the display, preventing them from getting pinched or pulled loose when extended.
