

DELL 770-BBIC rack accessory

Model: 770-BBIC

Manufacturer: DELL

EAN: 5397063819225

Product Code: 1725818

R4,404

The ReadyRails™ static rail kit for 1U Systems, including PowerEdge R210, R310, R410, and R415, provides tool-less support for 4-post racks with square or unthreaded round mounting holes including all generations of Dell racks. It also supports tooled mounting in 4-post threaded racks and 2-post (Telco) racks for added versatility. The static rails support a wider variety of racks than the sliding rails but do not support serviceability in the rack and are thus not compatible with the CMA. This product has been tested and validated on Dell systems. It is supported by Dell Technical Support when used with a Dell system.
