Mousetrapper Delta adds a new dimension to Mousetrapper’s wide range of centred ergonomic mouse solutions. Its wide, unique carbon fibre Control Bar has a soft texture that enables you to work precisely and efficiently. The length has been adapted to make the Control Bar easily accessible when you use the Mousetrapper Type keyboard. The 4000 cpi resolution makes scrolling, clicking and zooming easy, and gives you an outstandingly precise feel while working. The 7 programmable keys offer you the freedom to create personal shortcuts, easy to be changed with the free MT Keys software. Delta is fully made out of recycled plastic and has a USB hub to charge other devices.
