The Lenovo™ Legion M600 Wireless Gaming Mouse sports an ultra-long battery life and rapid-charging ideal for demanding gaming sessions. Its ergonomic design makes it comfortable for both claw-grip and palm-grip users, as well as left and right-handed gamers too. With the M600 by your side, you'll dominate the latest titles with up to 16,000 DPI (adjustable via an on-the-fly DPI switch), and spectacular lighting effects thanks to the 16.8 million colors in two configurable LED zones.
