Enhancing the guest experience with LG Hotel TV standalone offerings, the new single portal home allows easy access to a variety of content, similar to the consumer TV home screen. Guests can explore and download numerous apps across entertainment, gaming, education, information and news without privacy concerns. Additionally, LG Gaming Portal provide tailored experiences for gamers transforming the TV into a versatile entertainment hub.

Comprehensive Security with LG Shield

webOS goes beyond security measures at the operating system (OS) level. LG Shield employs a five-tiered defense system, encompassing server, application, operating system, system, and hardware. Each layer operates independently, providing comprehensive protection against various threats.

Pro:Centric Cloud

Pro:Centric Cloud improves the usability of enterprise’s CMS solution and cloudification of system, reinforcing the service of 3rd party solution. It also offer various design templates, improving data collection and analytics platform with an eye catching dashboard. And Mobile Application Creator lets you simplifies the process of setting up concierge services on mobile device for guests. Through this function, the guest’ request will be satisfied with immediate response.

LG Hotel TV works with Google Cast

Enjoy quick access to your personal devices with a convenient QR code on LG Hotel TV for streaming your favorite OTT shows on the big screen, and experience secure checkout with automatic erasure of personal information for peace of mind. Plus, with persisted pairing, connect your devices once and stay linked throughout your entire stay!

Works with AirPlay

With Apple AirPlay, guests can stream content to LG Pro:Centric Smart Hotel TVs, right from their iPhone or iPad, whether it’s to watch movies and shows from their favorite apps or share what’s on their Apple devices, including photos, personal videos, games and more. Guests simply scan a unique, on-screen QR code after checking in to privately and securely pair their iPhone or iPad directly to the TV in the room for the duration of their stay.
