Product information "Power bank 10000 mAh, 2x USB-A, USB-C, micro-USB, with fast charging, white" from LogiLink

The mobile powerbank (additional battery) from LogiLink is especially suitable for mobile phones and tablets with high power consumption and enables charging of end devices on the road. Due to the compact design and the low weight, this additional battery can easily accompany you everywhere and prevents your end devices from shutting down at the most unsuitable moments. The PA0328W has a capacity of 10000 mAh, 2x USB-A and 1x USB-C port to charge multiple devices simultaneously. In addition, the powerbank has an LED display that shows the current charging status of the power bank.
