TRIPLE PROTECTION FOR A SMOOTH GLIDE

Get ready to spread your gear and carry your gear and games with the extended ROG Scabbard II Arctic Gray XXL mouse pad. It is made out of durable fabric with a protective coating that repels water, oil and dust, plus flat-stitched edges made thinner and narrower to provide a reliable and comfortable mouse gliding surface all year round.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
