Product Code: 1728775

R911

Expand the functionality of your device in an instant with the LogiLink USB-C 3-port hub with card reader. This compact and portable solution is ideal for instantly adding three USB-A ports as well as an SD and microSD card reader to your USB-C or Thunderbolt 3/4-enabled laptop, smartphone or tablet. Thanks to the versatile 2-in-1 connection cable, you can connect the hub to both modern USB-C and conventional USB-A devices.
