The Equip 245522 2-Port 20W GaN Slim USB PD Charger is a versatile and travel-friendly power solution, designed to charge two devices simultaneously without compromising speed or safety. Powered by GaN (Gallium Nitride) technology, it offers improved efficiency, reduced heat generation, and a compact design that is slimmer and lighter than traditional chargers, making it easy to carry wherever you go.

Equipped with one USB-C Power Delivery (PD) port and one USB-A port, this charger provides flexible charging options for a wide variety of devices. The USB-C PD port delivers up to 20W fast charging, ideal for smartphones, tablets, and other USB-C enabled devices. Meanwhile, the USB-A port supports standard charging for accessories such as wireless earbuds, Bluetooth speakers, or older-generation devices, ensuring compatibility across your entire gadget ecosystem.
