Compact, portable torch radio

This handy portable radio is the perfect companion for long days out. Pick up clear radio signals, charge other devices and light the way with the powerful torch. You can even activate a loud SOS alarm sound with a flashing light in emergencies.

Built-in Li-ion battery. Charge using USB-C

This handy radio won't let you down. Charge the radio with the included USB-C cable for up to 32 hours of radio play time at a reasonable volume.

Backup power via solar or hand crank

Never lose power! You'll always have backup charge with the solar panels on top of the radio or by winding the attached hand crank. The radio also takes 3 AAA batteries (not included). A USB-A port lets you use the radio to charge your other devices in emergency.

SOS alarm with sound and flashing light

This little radio is a useful companion in tricky situations. Draw attention to yourself with a loud, bright SOS signal! At the press of a button, the torch will strobe and the radio will sound a loud alarm.

Reliable FM/AM analogue tuning

This great little radio doesn't leave anything to chance. The long, extendable antenna lets you receive perfect AM and FM radio. A clear display and analogue tuning and volume knobs let you select your station and set your levels quickly and easily.

Carry strap makes it easy to bring the radio with you

This handy little radio features an adjustable carry strap that makes it easy to pick up and bring along. Wherever your day takes you, make sure that you have reliable light, sound and an SOS alarm.
