3-Month FREE!

mydlink Cloud Recording

Securely capture every critical detail with encrypted, off-site pre-event cloud recording, accessible anytime from the mydlink app.

Captures More Detail, Covers More Area

See everything that matters with sharp 2K 3MP resolution. From faces to objects and every important activity, enjoy clear, well-balanced live video with a wide 115° field of view, reducing blind spots so you never miss a detail.

Smarter AI Person Detection

Stay informed without being overwhelmed by false alerts. With built-in edge AI, the DCS-6013 accurately detects human movement and filters out irrelevant motion, so you receive notifications only when a person is detected.

See Clearly Day and Night

Built-in infrared LEDs automatically switch to black-and-white in low-light conditions, providing clear night vision up to 8 meters, even in complete darkness, so you can confidently monitor your home day and night.

Hear and Speak in Real-Time

With a built-in microphone and speaker, two-way audio lets you listen and talk in real-time with loved ones or comfort pets, no matter where you are.

Get More Control with mydlink

The mydlink app makes looking after your home easier than ever. Manage, control, and set automations for all your mydlink cameras, smart plugs, and sensors anytime, anywhere.
