

Dreame RAW6 Accessory kit Robot vacuum

Model: RAW6

Manufacturer: DREAME

EAN: 6976233673080

Product Code: 1729170

R5,949

The Water Hookup Kit for Auto Refilling and Draining RAW6 is an essential component for your robots. This kit is designed to work with several models, including the L10s pro ultra, L10s pro ultra (Heat), X30 Ultra, and X40 Ultra Complete.

It enables the automatic refilling and draining functions, which are crucial for the efficient operation of the sweeping robots. With this kit, you no longer need to worry about manually refilling water or draining the waste water. It simplifies the maintenance process and ensures that your sweeping robot can keep working without interruption.
