The Super Star REMATCH GLOW Wireless Controller will power up your play with a unique design that glows in the dark after exposure to light. With its 40-hour battery life, you'll need to call it quits before the controller and since it's rechargeable, you'll be saving the planet and your bank account. Get comfy on the couch for a long day of gaming with the 30-foot wireless range. Program other button functions to the dual back buttons for faster actions in-game and a customized gaming experience. Give your gaming a glow up with the officially licensed REMATCH GLOW Wireless Controller for Nintendo Switch™.
