CAMERA HDCVI 8MP IR EYEBALL/HDW1801TLMIL/ DAHUA

Model: HAC-HDW1801TLM-IL-A-0280B-S3-DIP

Manufacturer: DAHUA

EAN: 6939554962950

Product Code: 1729481

R2,196

The Lite Series is a great choice for consumers looking for high quality monitoring products at a reasonable price. Its low cost and high performance make it ideal for residential areas and SMB solutions. This series is equipped with a wide range of technologies, such as fullcolor and starlight, providing various solutions for different scenarios.

Smart Dual Light

With its smart dual light mechanism, the camera automatically turns on the white light when Perimeter Protection/SMD Plus function of AI XVR detects a target in the rule area to capture clear, vivid images. When the target leaves the rule area, the camera automatically switches over from the white light to the IR light to significantly reduce light pollution.

Equipped with advanced LEDs and beam processing technology, the camera effectively reduces interference of stray light, ensuring concentrated illumination within the lens's field of view. This allows the camera to easily produce clear images that reveal the fine details of targets even in low light conditions.

Broadcast-quality Audio

Audio signal transmission over coaxial cables is supported by the HDCVI camera. It adopts a unique audio processing and transmission technology that restores source audio and eliminates noise, ensuring the quality and reliability of the audio information that is collected. This becomes important for video surveillance applications that use audio information as a type of supplementary evidence.

Super Adapt

With its intelligent algorithm, the camera automatically adjusts its parameters to provide optimal performance and vivid images.

Advanced 3DNR

Dahua’s advanced 3DNR technology reduces image noise with little to no impact on image sharpness, especially in poor lighting conditions. It detects the noise, and compares the sequential frames to effectively reduce the noise. It also makes efficient use of bandwidth, saving on storage space.

Protection (IP67, Wide Voltage)

IP67: The camera passed a series of rigorous dust and immersion tests. Its enclosure is both dust-proof and waterproof, and can function normally while being immersed in 1 m deep water for up to 30 minutes.

Wide voltage: The camera has ±30% input voltage tolerance (for some power supplies) and a wide voltage range, making it suitable for a variety of outdoor scenarios.

4 Signals over 1 Coaxial Cable

HDCVI technology supports 4 signals (video, audio, data and power) which are simultaneously transmitted over a coaxial cable. Dual-way data transmission allows the HDCVI camera to interact with the XVR to perform various actions such as sending control signals and triggering alarms. HDCVI technology also supports PoC, which makes the camera easy and quick to install.

- High-Quality Imaging with 4K Resolution
- Smart Dual Light: Built-in IR and LED Lights with 3 Illumination Modes Supported
- 30 m Illumination Distance for Superior Camera Image Quality
- Built-In Mic : Enhances Video Assistance with Audio Technology
- 3DNR & 120dB WDR & Super Adapt Ensures Clear Details in Strong Backlight Conditions
- Effortless Signal Selection with DIP Switch
- IP67 Ratings for Protection Against Harsh Environments

Summary: Dahua Technology Lite HAC-HDW1801TLM-IL-A-0280B-S3-DIP. Type: CCTV security camera, Placement supported: Outdoor, Connectivity technology: Wired. Mounting type: Ceiling/Wall/Pole, Product colour: White, Form factor: Turret. Minimum illumination: 0.001 lx, Angle of rotation: 360°, Lens viewing angle, horizontal: 105.5°. Sensor type: CMOS.
