Equipped with advanced night vision capabilities, the Hikvision camera features an impressive **IR distance of up to 30 m** and a **white light distance of up to 20 m**, ensuring bright and clear images even in low-light conditions. The camera supports a unique **one port for four switchable signals** (TVI/AHD/CVI/CVBS), enhancing its compatibility with various systems. Additionally, its **IP67 rating** guarantees protection against water and dust, making it a reliable choice for outdoor installations.

One of the standout features of the **Hikvision DS-2CE76K0T-LMFS** is its **Smart-Hybrid light technology**, which optimizes security by providing flexible lighting options tailored to your environment. Furthermore, the built-in microphone allows for high-quality audio transmission over coaxial cable, adding an extra layer of functionality to your surveillance setup. This camera is a perfect blend of advanced technology and practical design, ensuring comprehensive security coverage.
