TP-Link 3530500758 9VDC/0.85A Power Adapter

Model: 3530500758

Manufacturer: TP-LINK

Product Code: 1730361

R676

The TP-Link 3530500758 9VDC/0.85A Power Adapter is designed to provide a stable power supply to compatible devices. With an output of 9 volts DC and 0.85 amperes, it ensures efficient operation and a steady performance. The adapter features a compact design, making it easy to store and transport. It is built to meet standard voltage requirements and is compatible with a range of devices that match its output specifications. The construction includes a durable cable and a robust connector to ensure longevity and a secure connection. This power adapter is an effective solution for powering specific electronic devices that require a 9V power input.
