EPSON TM-U220IIB (142A0): ETHERNET PS NE SENSOR EDG UK SECURITY (C31CL27142A0)

Model: C31CL27142A0

Manufacturer: EPSON

EAN: 8715946737119

Product Code: 1730449

R8,798

Easy-to-use impact printer

Easy to use, compact and versatile, the TM-U220II impact receipt printer is perfect for a wide variety of applications. The increased buffer size allows more orders to be received at the same time, while the printing speed provides high-efficiency throughput.

Easy to use

The TM-U220II is a robust, high performance impact receipt printer which is exceptionally easy to use. Featuring drop-in paper load, selectable auto-cutter and clamshell covers for easy access and maintenance, the TM-U220II is very reliable and prints on plain paper in three widths.

Increased memory

An increased buffer allows more orders to be received at the same time, making it ideal for those busy environments where order success is critical. It supports more orders being received from multiple devices, which means that more tickets can be processed in a shorter time, keeping the operation flowing.

High printing speed

The TM-U220II provides high-efficiency throughput. Retailers can hand receipts to customers faster. Restaurant kitchens can receive orders quickly.

Superior versatility

The TM-U220II suits a wide range of needs and applications. Each model in the series is powerful, yet compact enough to fit in confined spaces. In addition, the wall-mounting option frees up valuable counter space in kitchens and other tight locations.

Outstanding compatibility

The TM-U220II printers are designed to be compatible with systems built around predecessor models. These systems can be upgraded simply by dropping in a TM-U220II. Moreover, since the external dimensions are nearly identical, there is no need to change the installation environment.

Distinctive sound

The distinctive printing sound of the TM-U220II makes it stand out among the soundscape of a noisy kitchen environment. This draws attention to incoming orders and reduces the customers' waiting times.
