The look says rewind. The sound says right now. With their custom-tuned 40 mm drivers, these on-ear headphones bring you a warm sound with rich bass and clear vocals. Listen wireless or use the included USB-C cable to rock them wired.

Featherlight fit and spare ear-cup cushions in retro hues

The Ringo Duo headphones weigh just 80 g and the featherlight headband easily adjusts for the perfect fit. You get three sets of spare ear cushions in black, yellow and orange, so you can mix and not match.

Long battery life and quick charging

You get up to 26 hours of play time from a full charge, which takes 2 hours via USB-C. If you need a quick boost, charging these on-ear headphones for just 15 minutes will get you an extra 6 hours of play time.

Stable Bluetooth® multipoint connection and easy pairing

Compatibility with the latest Bluetooth® 6.0 devices lets you stream without annoying dips in the sound, and you can connect to two devices at once. Simply use the Philips Headphones app to manage your connected devices.

Clear calls. They'll hear what you're saying

The Ringo Duo are born to say hello. For wireless calls, a dedicated mic picks up the sound of your voice while a noise-reduction algorithm reduces some of the background noise. For wired calls, there's an in-line mic with a handy mute button on the included USB-C cable.

Handy on-ear button controls

Back in the day, you had to push big, clunky buttons on your cassette player to control the music! Now you get handy button controls on the earcups for playback, volume and calls.

Warm, natural sound. Philips sound signature

Glossary/feature highlight: The custom drivers in these headphones are tuned to Philips sound signature, which brings you warm, natural sound with deep bass. Whatever you're listening to, you'll love what you hear.

Philips Headphones app. The Ringo Duo companion

Feel like your music's missing something? Our companion app features EQ, an intuitive equalizer that lets you tweak the sound and explore different EQ settings using your fingertips. You can also use the app to manage connected devices, update firmware and more.

RCS-certified recycled plastic. Responsible packaging

We use post-consumer recycled plastics in our products, and our packaging is made from FSC-certified recycled carboard with inserts printed on recycled paper.

Wireless or wired. Included USB-C cable with in-line mic

Custom-tuned 40 mm drivers for rich warm sound
