Adaptive noise cancellation quickly reacts to your surroundings to suppress external noise, including wind, in real time. If you want to hear what's going on around you, Awareness Mode lets outside sounds back in. Quick Awareness enhances voices, so you can have a conversation without removing your headphones.

Keep flowing with the round smart charging case

More than a charger, this smart case lets you control calls, playback, noise cancelling and Auracast™, or switch on the Lo-Fi sound mode. It can even help you take photos by remotely triggering the camera on your connected device. Selectable vinyl, tape and amplifier animations let you change the look of the case's 1.47" colour touchscreen.

Vibe longer with up to 42 hours of play time

With noise cancelling off, you get 10 hours play time from a full charge and an extra 32 hours from the smart charging case (with noise cancelling on, you get 7 hours and an extra 23 from the case). For a quick boost, 15 minutes gives you an extra 3 hours. The case can be charged via USB-C.

Stay in sync with Bluetooth® multipoint and Auracast™

Bluetooth® 6.0 ensures a fast, steady connection and support for Auracast™ lets you listen to public broadcasts on your travels. You can connect to two Bluetooth® devices at once and manage connected devices via our app. Google Fast Pair and Microsoft Swift Pair are supported too.

Ready for warm days and dusty detours

A little dust, sweat or drizzle won't kill the vibe. With IP54 dust and water resistance, The Buds are built to keep the good times going wherever the day takes you.

Clearer calls, even in crowded places

The Buds boast a six-mic setup, and three of those mics plus an AI noise-reduction algorithm combine to bring you super-clear calls. Even if you're in a busy cafe, your voice will come through clearly and the person you're speaking to won't be distracted by what's going on around you.

Philips Headphones app. The Buds companion

Feel like your music's missing something? The intuitive AI Neural EQ in our companion app lets you fine-tune sound with your fingertips. You can also switch on Lo-Fi sound or Spatial Audio modes, and use the app to control noise cancellation, customise your charging case with animations or wallpaper, and more.

GRS-certified recycled plastic. Responsible packaging

We use post-consumer recycled plastics in our products, and our packaging is made from FSC-certified recycled carboard with inserts printed on recycled paper.

Striking sound. Bold hues. Comfy fit

The colours say 80s. The sound says right now. The fit says be free. With their custom-tuned drivers and SecureFit textured ear tips, these buds deliver richly detailed audio while rocking an oh-so-light and comfy fit.

Warm, detailed, natural. Philips sound signature

The custom drivers in these headphones are tuned to Philips sound signature, which brings you warm, detailed sound with rich bass. Whatever you're listening to, you'll love what you hear.

Custom-tuned 10 mm drivers. SecureFit textured ear tips

IP54 dust and water resistance. 6 mic technology
