Intuitive professional content delivery

For economical signage in 24/7 commercial environments, the 32” Sharp MultiSync® M322 delivers all the professional performance and features you need, whilst minimising the cost of ownership. With a 450 cd/m2 brightness output and anti-glare panel, the viewer enjoys excellent visual quality unhindered by reflections, with a slim, aesthetic design for unobtrusive integration.

Featuring multiple industry standard digital and analogue signal inputs, the M322 is future-proof for flexible integration. It also features full external control support through both RS-232 or LAN connectivity enabling operators to achieve time and cost savings when managing an estate of displays.

The full metal chassis, high end componentry and integrated schedule function affords peace of mind for extended runtimes, ideal for retail and transportation applications.
