Model: MODERN AM272P 1M-1094XEU

Manufacturer: MSI

Product Code: 1731550

R26,280

MSI Modern AM272P 1M 1094XEU is an all-in-one desktop designed for everyday productivity, multimedia, and video calls. The 27-inch Full HD IPS display helps deliver wide viewing angles and reduced eye strain for extended use, while the adjustable stand and anti-glare panel make it easy to position for comfortable viewing. Built with a 10-core Intel Core 7 processor, DDR5 memory, and a 1 TB NVMe SSD, the system balances responsive multitasking and quick storage access for typical office and home workflows. Integrated 1080p webcam, 2.1-channel speakers, and wireless connectivity options including Wi?Fi 6E and Bluetooth 5.3 support reliable video conferencing and media streaming, and a discrete TPM 2.0 security chip adds hardware-based device protection. A compact all-in-one chassis with multiple ports including USB-C, HDMI input and output, Gigabit Ethernet, and a Kensington security slot provides flexible connectivity and a tidy workspace.
