Cat6a STP Slimline Keystone Jack for easy, fast and tool-free deployment with comfortable fit in high-density patch panels

The Cat6a 10G Shielded Toolless Slim Keystone Jack, Black from Intellinet Network Solutions is designed for quick, seamless side-by-side deployment. Without any special tools, this module easily snaps into blank patch panels, wall plates or surface connection boxes. It is suitable for solid conductor cables in high-performance network applications up to 10GBase-T and PoE applications up to IEEE802.3bt / PoE++ / 4PPoE / Ultra PoE. For maximum signal integrity, it is equipped with gold-plated contacts and 360° STP shielding.
