Arzopa D14 Golden (gold) digital photo frame

The Arzopa D14 Golden digital photo frame combines modern design and advanced functionality, perfect for sharing memories with family and friends - no matter how far away. With Wi-Fi connectivity, a mobile app and 32GB of built-in memory, you can transfer photos and videos without the need for a computer. The 10-point touchscreen makes it easy to manage content and allows for intuitive use every day.

Crisp Full HD screen

The 14-inch IPS screen on the Arzopa D14 Golden displays images at a resolution of 1920×1200 pixels in a 16:10 aspect ratio for exceptional detail and realism. The Anti-Glare matte coating minimizes glare, making the bezel perform well in all lighting conditions. High brightness of 300

cd/m² and a contrast ratio of 1500:1 translate into vivid colors and good visibility of details.

Intelligent image rotation

The device automatically adjusts the screen orientation according to the frame's orientation, so photos and videos are always displayed correctly - whether you position the Arzopa D14 Golden frame vertically or horizontally. This feature makes it a versatile addition to any interior, whether for a shelf, desk or wall.

Practical everyday features

The Arzopa D14 Golden digital frame offers more than just displaying photos - it can show the current time, date and weather forecast. The data is updated automatically, making the frame capable of serving as an information center in the home, adapted to the users' daily rhythm.

Flexible content transfer

With the ARZOPA app available for Android and iOS, you can remotely upload photos and videos straight from your smartphone. The frame also supports data transfer via SD card, flash drive, USB cable and app, giving you full freedom to manage your content. The Arzopa D14 Golden supports popular file formats and offers expanded memory - 32 GB built-in and the option to expand by another 128 GB via TF card.
