

Shuttle CXP01 - Cable for external push button switch for PCs

Model: CXP01

Manufacturer: SHUTTLE

EAN: 4046047103119

Product Code: 1732427

R880

Some Shuttle XPCs have a handy connector at the back panel to connect an external power button. In case the XPC is installed in a scenario where it cannot be accessed directly, be it VESA-mounted or otherwise remotely installed, it can still be powered on or off conveniently by using an external push button switch. Shuttle therefore provides a 2-metre cable with fitting connections that only requires a push button switch.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
