

ASUS ROG STRIX LC II 360 Processor Liquid cooling kit 12 cm Black 1 pc(s)

Model: 90RC00F0-M0UAY4

Manufacturer: ASUS

EAN: 4711081886419

Product Code: 1733009

R6,497

ROG Strix LC II 360 delivers high-performance CPU liquid cooling with sleek, modern aesthetics. Featuring a closed-loop design and ROG radiator fans, the cooler unleashes the full potential of an Intel or AMD CPU while enabling subtle multicolor lighting effects to accentuate your build.

Emanate Your Style

From end to end, ROG Strix LC II 360 showcases the iconic ROG aesthetic. Engraved ROG lettering on the radiator’s side complements the iridescent lettering on the hubs of each fan. And the Aura Sync-compatible pump cover radiates the new ROG logo in any color you choose.

Optimized Fan Design

The ROG radiator fans are specifically tuned to deliver optimum performance on ROG Strix LC II series radiators. The fans generate 81 CFM / 5.0 mmH2O for exceptional cooling efficiency.

Enhanced Pump Design

ROG Strix LC II series is equipped with the latest cooling-plate design. Machined from pure copper, the plate features an array of fine micro-channels that reduce thermal resistance and increase surface area, resulting in lower CPU temperatures.

PWM-Controlled Pump and Fans

PWM control enables both the pump and radiator fans to spin at slower speeds when the CPU is idling or under light load, helping to keep noise levels to a minimum.

COMPREHENSIVE COMPATIBILITY

ROG Strix LC II series is compatible with a wide range of Intel and AMD motherboard platforms, giving you the flexibility to pair it with your choice of processor. With 380mm of tubing at your disposal, radiator installation is equally as flexible in a variety of chassis.
