R1,593

Protect your phone as well as your eyes with this Anti-blue light screen protector from SAFE. by PanzerGlass®. A true game changer for gamers and other screen lovers, this screen protector made of 60% recycled glass reduces the strong blue light from your phone that can cause eye strain, headache and fatigue. And the screen protection? Well, let’s put it this way: You no longer need to worry about scratch-creating bumps, crushing falls, and other hazards of everyday life. The screen protector even has a smudge-free coating that reduces traces of fingerprints and grease. Can you feel it? Love is in the air. Love for phones and the planet. It’s the new circle of phone life. When you keep your beloved phone SAFE., you can one day pass it on to another phone lover who will adore it

just as much as you do. Choose SAFE. and give your phone new life! This is one way of working toward a more sustainable future! Another is to use more sustainable packaging. So, of course, this product comes in a recyclable FSC™-certified box. Everybody deserves to be SAFE. Without hassle, red tape, or unnecessary complexity. This screen protector comes with an EasyAligner made of 100% recycled plastic that makes installation a piece of cake (seriously!). We’ve even included step-by-step instructions as well as a QR code for quick access to our online how-to video. And remember: Once installed, you’ll never again fear your phone falling screen-first. So, what are you waiting for? No screen protection is worth poor screen performance! That’s why this screen protector has an Ultra-Wide Fit, meaning it covers the front surface of your phone, providing a complete and crystal-clear view of your screen. It even leaves a little room around the edges for a SAFE. by PanzerGlass® case or a cool, colorful case from CARE by PanzerGlass®. And if you want to be extra SAFE., combine the screen protector and case with a SAFE. by PanzerGlass® camera lens protector. Keep your phone SAFE.
