LogiLink NK0032 keystone module

Model: NK0032

Manufacturer: LOGILINK

EAN: 4052792054163

Product Code: 1735281

R1,138

LogiLink USB 3.1 Type C multimedia feed-through connector for installation in keystone panels or junction boxes by easy snap-in mounting. The module is provided with a connection socket on both sides, so that the cables can be plugged in directly. The module is also suitable for simply extending two cables.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
