

Conceptronic ATHERIC03BHH Wireless Display Receiver & Transmitter

Model: ATHERIC03BHH

Manufacturer: CONCEPTRONIC

EAN: 4015867245040

Product Code: 1735715

R2,779

The Conceptronic ATHERIC03BHH Wireless Display Receiver & Transmitter provides a convenient way to wirelessly share HDMI content from laptops, cameras, game consoles, and other HDMI source devices on any HDMI display. Built-in 2.4GHz and 5GHz dual-band wireless technology delivers smooth, lag-free video streaming at resolutions up to 1080p.

With a wireless transmission range of up to 50 meters, the system supports both mirror and extended display modes. Up to six transmitters can be paired with one receiver, allowing presenters to switch between connected devices quickly and efficiently.

The plug-and-play design requires no apps, drivers, or Wi-Fi network, while USB power enables flexible installation. It is an ideal solution for business presentations, education, meetings, travel, and home entertainment.
