Model: 49514

Manufacturer: VERBATIM

EAN: 023942495147

Product Code: 1736419

R688

Overview

Verbatim's Premium Rechargeable Batteries can be used in digital cameras, remote controls, and other devices. They are up to 5 times longer lasting than alkaline batteries in digital cameras*. These batteries are pre-charged, can be used straight out of the pack and will retain their charge (up to 80%) for up to 1 year.

Rechargeable batteries are environmentally friendly. Each NiMH battery equals 500-1000 alkaline batteries and recharging batteries means less waste.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
