

Neomounts DS70-256RD1 Gaming monitor arm 24-57" - gas spring - Topfix - 180°-stop

Model: DS70-256RD1

Manufacturer: NEOMOUNTS

EAN: 8721246341031

Product Code: 1736811

R3,755

The Neomounts DS70-256RD1 ACE delivers exceptional performance and ergonomic comfort for gamers that want to take their setup to the highest level. Supporting screen sizes up to an impressive 57", including extra-wide models like the Samsung Odyssey G9, this arm is built to handle the most ambitious set-ups. With a heavy-duty weight capacity ranging from 2 to 30 kg (and up to 24 kg for curved monitors), it ensures maximum stability even during intense gaming sessions.

Thanks to its broad VESA compatibility from 75x75 to 200x200, the ACE offers seamless integration with a wide range of monitors. The inclusion of precision tilt functionality allows for finely tuned angle adjustments, reducing screen glare and enhancing viewing comfort no matter your setup. Combined with gas spring height adjustment and depth adjustment, positioning your screen in the ideal position becomes smooth and effortless, supporting better posture and sustained focus during

marathon sessions.

For added practicality, the DS70-256RD1 monitor arm includes a smart 180° stop mechanism to prevent contact with nearby walls, ideal for space-constrained installations. The Quick-release VESA system ensures easy monitor mounting, while the included topfix clamp and grommet offer fast and secure installation.

Whether you're engaged in high-speed action, managing tactical operations, or streaming for hours, the full motion DS70-256RD1 ACE monitor arm empowers you with precision control, robust support, and optimum comfort so you can stay locked in and ahead of the competition.
