DJI RC-N3 Remote Controller

Gain full control of your flight with the DJI RC-N3. This advanced control unit allows intuitive operation of the DJI Air 3S, DJI Flip, DJI Neo, DJI Mini 4 Pro and DJI Air 3 drones. It combines cutting-edge technology with convenience, offering a reliable connection to your drone and high-quality, real-time video viewing on your phone with the dedicated DJI Fly app. The lightweight design provides dreamlike comfort during every flight.

Immersive experience with video preview

The built-in mount on the DJI RC-N3 controller holds your mobile device securely, allowing you to comfortably view video in excellent resolution. With a direct connection to the DJI Fly app, you can track your drone's flight live, making it much easier to navigate and capture aerial shots.

Support for various devices

The DJI RC-N3 controller comes with cables with USB-C and Lightning connectors, allowing you to easily connect most modern smartphones. It also supports older phones with a Micro-USB port - just

buy the appropriate cable. The maximum size of the supported mobile device is 180×86×10 mm, making the controller compatible with a wide range of phones.

Long-lasting operation and fast charging

The DJI RC-N3 is designed for long flights. The controller's maximum operating time is about 3.5 hours, which is long enough for most flight missions. What's more, you'll charge the device to full in just 2 hours, so you'll be ready for your next sky travels in no time.

Compact size and mobility

The controller is compact and therefore easy to transport. It fits perfectly in a bag or backpack, making it a great choice for drone pilots who value mobility. Just take it with you and enjoy immersive flight whenever you feel like it.

Included

- controller
- RC cable (USB-C connector)
- RC cable (Lightning connector)

Manufacturer	DJI
Manufacturer code	RC-N3
