Product Code: 1737546

R1,131

The MK35-DV is an accessory set for our case IX-01B. If you want to widen the functionality of your IX-01B then this set offers you two perfect optional solutions. At first you have the possibility to add an extra slimline DVD drive, or on the other hand you can increase the storage capacity by adding an extra 3.5" and a 2.5" hard disk drive. It's up to you to decide which option you go for.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
