TP-Link AC1200 + AV1000 Whole Home Hybrid Mesh Wi-Fi System, 2-Pack

Model: Deco P9(2-pack)

Manufacturer: TP-LINK

EAN: 6935364088613

Product Code: 1738287

R4,251

Fast. Stable. Everywhere.

Whole Home Hybrid Mesh Wi-Fi System

AC1200 + AV1000

Mesh Wi-Fi + Powerline: Signal Through Walls

Deco P9 combines dual-band Wi-Fi and powerline to establish a stronger mesh network. Powerline technology uses your home’s electrical wiring to create stronger connections between Deco units, reducing the impact of walls and other obstacles on signal and providing even faster network speeds and truly seamless coverage.

Boosted Speeds: Wi-Fi + Powerline Hybrid Bandwidth

Powerline and wireless connections work together to transmit data between Deco units. The total network speed is greatly improved compared with using Wi-Fi only.

Dead-Zone Killer

The hybrid whole-home system delivers extended coverage up to 4,000 ft2 / 370 m2 with the help of the combination of dual-band Wi-Fi and powerline. Eliminate weak signal areas with whole-home Wi-Fi and no more searching around for a stable connection.

Seamless Roaming with One Wi-Fi Name

TP-Link Mesh means Deco units work together to form one unified network. Your phone or tablet automatically connects to the fastest Deco as you move through your home, creating a truly seamless Wi-Fi experience.

No More Buffering

Network speeds three times faster than previous generation routers, thanks to 802.11ac wireless technology, make Deco capable of providing a lag-free connection to up to 100 devices.

Robust Parental Controls

Simple, intuitive parental controls make it easy to
keep your children safe while they’re online.
