LENOVO THINKSTATION P3 ULTRA SFF GEN 2

Redefining the Power of Small

Experience extraordinary performance in an intelligently compact design. Powered by Intel® Core™ Ultra (Series 2) processors with Intel vPro®, with integrated NPU and NVIDIA RTX™ graphics, this workstation breaks new ground by delivering AI-optimized performance and ultimate flexibility in a chassis less than 4L in total volume.

POWERFUL COMBINED AI ACCELERATION

Experience AI-Enhanced Productivity, Creativity & Security

The ThinkStation P3 Ultra SFF Gen 2 workstation combines an integrated Intel® NPU with NVIDIA RTX™ 4000 SFF Ada Generation graphics for unparalleled AI inferencing — totalling up to 335 TOPS of AI horsepower with the CPU and GPU. Handle everything from deep learning models to real-time analytics without sacrificing space or energy efficiency.

CREDIBILITY & COLLABORATION

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.

Specifications may vary depending upon region / model.
