Lenovo ThinkStation P4 AMD Ryzen™ 9 PRO PRO 9965X3D 64 GB DDR5-SDRAM 1 TB SSD Windows 11 Pro Tower PC Liquid cooling system Black

Model: 30KN003QBF

Manufacturer: LENOVO

EAN: 199276903174

Product Code: 1738753

R81,616

BUILT FOR RELIABLE PERFORMANCE

Scale New Heights With Reliable Power

The Lenovo ThinkStation P4 sets a new standard for entry tower workstations, offering elevated performance for engineers, designers, and creators. Experience dependable, workstation-class power that scales with you. Its accessible desk-side design lets you work faster and stay highly

productive, effortlessly handling the growing complexity of projects.

AI-READY ARCHITECTURE

Scalable Power for Smarter Workflows

Accelerate your AI-driven workflows with optimized processors, high-speed memory, and advanced graphics. From local inference to data-heavy visualization, experience faster, smoother performance on a scalable workstation designed to handle AI-assisted and GPU-accelerated workloads with ease.

LENOVO PERFORMANCE TUNER

Intelligent Resource Management

Optimize your workflows with the ThinkStation P4 workstation with Lenovo Performance Tuner. This free software intelligently manages CPUs, GPUs, memory, and storage for certified professional applications, delivering smoother, more consistent performance for mission-critical tasks— no manual tuning or adjustments required.

ALL-IN-ONE ENTRY WORKSTATION PLATFORM

Simplify Deployment, Amplify Performance

Streamline operations with a unified workstation platform built for engineering, design, finance, data science, and education. The ThinkStation P4 simplifies procurement, onboarding, and support while delivering performance to every role — all with shared hardware, software, and configuration options.

CREDIBILITY & COLLABORATION

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.

Specifications may vary depending upon region / model.
