

ACT Fixed TV Wall Mount, 37" up to 80", ultra slim, VESA

Model: AC8356

Manufacturer: ACT

EAN: 8716065587050

Product Code: 1738845

R1,686

Mount your TV extremely close to the wall with the space-saving AC8356 fixed TV wall mount. Compatible with TVs up to 80 inches and 75kg, with VESA patterns from 200 to 600, this low-profile bracket ensures a sleek and streamlined look. Easy alignment of the TV on the bracket is solved by the VESA indicator. The AC8356 comes with everything that you need for an easy installation: drilling guide, bubble level, protection pads, mounting material and kickstand.

Ultra slim wall mount: a stylish TV mounting solution

The AC8356 wall mount is designed to hold TVs up to 80 inches and 75kg and place them super close (max. 9.5mm) to the wall. Perfect for maintaining a modern and aesthetical look.

Easy and convenient installation by its strong magnetic locking mechanism

Simply attach the bracket to the wall using the provided drilling guide and bubble level, then mount the VESA plates to your TV and hang the TV in the bracket. The VESA indicator ensures precise alignment, and with a gentle tilt backwards, the strong magnet securely locks your TV in place. Use the cover strip to hide the screws, for a clean look.

Complete package: out-of-the-box ready for use

The AC8356 is a complete package that includes a drilling guide, bubble level, protection pads, mounting material and a kickstand. This kickstand provides easy access to the back of the TV when cables need to be connected.
