The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Next-Generation Performance

Accelerate workloads with Intel® Core™ Ultra processors and advanced HM870 chipset architecture for responsive, efficient computing.

High-Speed Memory and Storage

Work efficiently with up to 64 GB DDR5 memory and up to 2 TB M.2 2280 PCIe SSD storage for quick access to files and applications.

Advanced Connectivity Options

Enable faster, more reliable connections with Wi-Fi 7 support, Bluetooth 5.4, and versatile networking capabilities.

Built-In Security Foundation

Protect business data with TPM 2.0 and hardware-level security designed for trusted operation.

Future-Ready Expansion

Scale your system as demands increase with PCIe slots for graphics, storage, and additional capabilities, ensuring long-term flexibility and performance.

Integrated Audio Experience

Deliver clear sound with built-in high-definition audio for conferencing and media tasks.
