Expand your surround sound experience

Pair BRAVIA Theater Rear 8 wireless rear speakers with compatible Sony soundbars to complete your surround sound experience. Unlock fuller, richer audio from every angle with 360 Spatial Sound Mapping technology. Hear the power of Dolby Atmos® for the ultimate movie experience at home.

Easy setup and operation

Simply power up the wireless rear speakers and set them up through the BRAVIA Connect App for a wireless connection with your Home Theater System or soundbar—no need for cables.

An immersive world of sound, right at home

Expand your senses. With 360 Spatial Sound Mapping, compatible soundbars create phantom speakers that expand the audio beyond the room’s boundaries, making each moment feel bigger and more dynamic.

360 Spatial Sound with compatible soundbars

Using 360 Spatial Sound Mapping, these wireless rear speakers work with our latest compatible soundbars to create multiple phantom speakers throughout your space. Surrounded by these phantom speakers within an optimized sound field, every sound hits with intensity. It’s as if you and your living room become part of the movie.

Clear, expansive sound

These two-way rear speakers feature both a woofer and a tweeter to achieve a rich, expansive soundstage with exceptional clarity.

Every scene moves you with Dolby Atmos®

Transform your home entertainment experience. Our soundbars deliver rich, room-filling audio that everyone will love. Add wireless rear speakers, and let the sound wrap around you from every angle, elevating every moment.

Boost your surround: Find your perfect match

Upgrade your sound with the perfect match. Whether it’s a soundbar, home theater system, or AV amplifier, these options elevate your audio setup, delivering a richer, deeper experience for every occasion.

Connect wirelessly

Simply power up the wireless rear speakers and set it up through the BRAVIA Connect App for a wireless connection with your Home Theater System or soundbar—no need for cables.

Effortless control with BRAVIA
