AURZEN Powerplay Stand

Model: AU-PJ001PP-UNGD0

Manufacturer: AURZEN

EAN: 6978642440079

Product Code: 1740310

R3,350

AURZEN Powerplay Stand

The AURZEN PowerPlay stand is a practical solution designed for users of ZIP series projectors, but it also fits other devices thanks to its universal 1/4" thread. It takes the form of a modular tripod that can be adjusted to one of three heights (23 cm, 33 cm, or 43 cm), and the built-in 10,000 mAh power bank allows you to power and use the projector at the same time.

Adjustable height and compact size

The stand allows you to set one of three heights: 43 cm, 33 cm, or 23 cm. Depending on your needs, you can quickly adjust its position to suit the conditions of use – whether on a table, on the floor, or outdoors. The whole thing weighs only 470 g and fits in the included case, making it ideal for travel.

Wide compatibility with devices

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Thanks to the 1/4" adapter, AURZEN PowerPlay works with a variety of equipment – from projectors, cameras, and vlogging lights to phone holders. It's a solution that works not only during movie screenings, but also at work or during online meetings.

Magnetic mount and stable base

The device is equipped with a detachable magnetic mount that allows for quick installation and removal of the projector. The non-slip base ensures stability regardless of the surface. The whole thing is complemented by a subtle backlight that makes it easier to use the device after dark.

Additional power source

The built-in 10,000 mAh power bank extends the projector's operating time by up to 3 hours. It also supports PD fast charging, which requires a minimum 35 W adapter.

Included

- Extension tube x5
- Connecting base
- Power module
- Magnetic mount
- Dual 1/4" screw adapter
- USB-C charging cable
- User manual
- Carrying case
