Aurzen Boom air D1Air Stand

Model: AU-PJ002PP-USGD0

Manufacturer: AURZEN

EAN: 6978642440444

Product Code: 1740323

R3,698

Aurzen Boom air / D1Air Stand

The Aurzen Boom air / D1Air stand combines a projector stand with a 25,000 mAh power bank. It offers a maximum output of 65 W and provides up to 2 hours of movie viewing. A standard 1/4" screw allows for mounting projectors such as the BOOM air, D1R air, D1 air, MoGo 4, and Capsule3, while the USB-C output powers connected devices. The stand weighs 1.1 kg, is detachable, and easy to pack, making it convenient to take with you.

One stand, many possibilities

The universal 1/4" standard screw mount allows you to use the stand not only with compatible projectors but also with cameras, lighting fixtures, phone mounts, and other devices that support this type of mounting. The USB-C output allows you to use the stand as a power source at the same time. When connecting other devices, make sure their requirements match the stand’s output specifications.

Stability on Hard and Soft Surfaces

The dual-base system allows you to adjust the stand’s setup to suit the location. On hard surfaces, you can use the flat, round base, while on soft ground, spike-tipped feet are available to drive into the ground. This design ensures stability on various surfaces and increases the flexibility of using the equipment. When used on soft ground, the round mounting element does not need to touch the ground—this is the correct setup for the stand.

Durable and Practical Design

The housing is made of a durable aluminum alloy, and the foldable base is equipped with non-slip silicone. The detachable design makes it easy to fold and pack the stand away after use. The housing also features a power button, a battery level indicator, an input port, and an output port, providing easy access to the most important controls.

Fast charging and battery level monitoring

When used with a 65 W PD power adapter (20 V/3.25 A), the stand supports fast charging, and it takes approximately 1 hour and 52 minutes to fully charge the battery from 0% to 100%. The battery level is indicated by four LEDs: one green LED corresponds to the 0–25% range, two to the 25–50% range, three to the 50–75% range, and four to the 75–100% range. Each of the first three charging stages takes about 32 minutes, while charging from 75% to 100% takes about 17 minutes.

Easy Setup and Convenient Operation

The well-thought-out design makes setting up the stand quick and straightforward. The foldable base and the option to mount it on a hard or soft surface make it easy to adjust the setup to your location. The projector is mounted using a standard 1/4" screw, and the USB-C power output connection allows you to conveniently use the power bank function while the device is in use.

Included in the set

- PowerBase stand
- Round mounting kit

- Mounting screw
- USB-C cable
- User manual

Manufacturer	AURZEN
Model	AU-PJ002PP-USGD0
Battery capacity	25,000 mAh
Maximum output power	65 W
Battery life while watching videos	2 hours
Weight	1.1 kg
Design	2-in-1 power bank and stand
Mounting	Standard 1/4" screw
Output	USB-C
Fast Charging Support	A 65 W PD power adapter (20 V/3.25 A) is required for fast charging
Charging Time 0–100%	Approximately 1 hour 52 minutes
Housing Material	Aluminum alloy
Base	Foldable with non-slip silicone
Base System	Dual
Mounting on hard surfaces	Flat round base
Mounting on soft surfaces	Spike feet
Battery level indicator	Yes
Power button	Yes
Input port	Yes
Output port	Yes
Compatible projectors	BOOM air, D1R air, D1 air, MoGo 4, Capsule3, and others
Compatible devices	Cameras, lighting fixtures, phone mounts, and others
