Clear view of food as it cooks

The difference between 30 seconds and a minute can be huge when microwaving. The interior light means you can see how your food's cooking and not be caught unawares if your dish is about to boil over.

Crispy, brown finish for your favorite dishes

If you still don't believe that microwaves can do more than just reheat leftovers, meet Microwave Grilling. Microwave Grilling lets you add that delicious crispy, brown finish to your favorite fish, chicken, meat or veg dishes. Now you can get that fresh grill flavor with a microwave!
