

CLUB3D USB-C® Two Ports Slim Charger 65W GaN PD3.1 PPS

Model: CAC-1935

Manufacturer: CLUB3D

EAN: 8719214473945

Product Code: 1740555

R1,338

Description:

• Overview: The CAC-1935 is a compact 65W GaN dual-port travel charger featuring a space-saving design, delivering fast, simultaneous charging for USB-C laptops, tablets, and phones.

• Key Benefits: The bottom-facing ports make it easy to plug into tight outlets behind desks, beds, or nightstands without bending cables. Driven by efficient GaN technology, it safely charges two devices at once using smart automatic power sharing while built-in protections keep your devices secure.

• Technical Highlights: It features dual USB-C ports with a maximum single-port output of 65W and smart dual-port allocation at 45W+20W or 30W+30W. Equipped with PPS fast charging, multi-point safety protection, and a universal 100-240V input, it packs full power into a pocket-sized housing.
