

CLUB3D USB-C® Safe Cable with Power Meter 240W No Data 2m/6.56ft

Model: CAC-2508

Manufacturer: CLUB3D

EAN: 8719214473891

Product Code: 1740556

R893

Description:

• Overview: This USB C® power only cable delivers up to 240W charging with zero data exposure. Featuring a hardware data blocker, USB PD 3.1 EPR support, and a built-in LED wattage screen, it ensures fast, secure, and transparent charging anywhere.

• Key Benefits: Physically blocks all data lines to give 100% protection against juice jacking at public chargers. The integrated LED display instantly shows real-time wattage draw, while 240W capability powers everything from earbuds to heavy-duty laptops without device prompts.

• Technical Highlights: USB C® power only architecture with hardware data blocking; USB PD 3.1 EPR compliant up to 240W (48V/5A);
