

CLUB3D USB-C® Female Adapter 40G 240W 8K60Hz

Model: CAC-2507

Manufacturer: CLUB3D

EAN: 8719214473884

Product Code: 1740561

R695

Description:

• Docking & Switch Flexibility: Perfectly overcomes the limitations of short, integrated cables on docking stations or hubs. It also enables a seamless connection to USB-C switches like the CSV-2511.

• Extend your current connection: Combine it with a USB-C® cable and bring hard to reach ports from the back of your PC directly to your fingertips or rescue "dangling" NVMe SSDs and hubs by extending their short factory cables.

• Note: to achieve best results combine it with our cables like: CAC-1570.
