discrete details.

Human & Vehicle Classification

Integrated AI chips support advanced algorithms to distinguish humans and vehicles from other objects. You can flexibly customize alarm rules to match your monitoring needs and receive more accurate event notifications.

We keep an eye on your business.

Smart Detection

Backed by AI algorithms, the VIGI camera offers more smart detection. You will receive notifications when someone crosses a boundary, enters an area you've set, obstructs the camera, or removes/abandons objects.

Never miss a detail.

SmartVid-Smart Video Enhancement

VIGI’s professional technologies process videos to greatly improve their quality that is vital to your monitoring, including Smart IR, WDR, 3D DNR, and Night Vision.

More compression. More savings. Same quality.

Without using any extra bandwidth, your cameras transmit compressed crystal-clear video to save disk space, ease network loads, and reduce monitoring costs without sacrificing image quality.

Corridor Mode

Rotate the live image and lens 90° clockwise simultaneously. This way, your image aspect ratio changes from 16:9 to 9:16, helping you monitor long and narrow areas and providing a more natural viewing experience.

Discover the best way to power your camera.

PoE/12V DC

Two power supply ways not only give you more convenience but also make your wiring remarkably easy.

Choose the right lens for your security.

2.8/4 mm Lens

Whether you need a wide angle lens to cover enclosed spaces like elevators or a higher millimeter lens for longer distances in open spaces like parking lots, C440I comes with two different lens versions to better suit your security needs.

Flexible Installation

Easily route your camera’s cable into a dropped ceiling or avoid drilling by slotting it through the camera’s side outlet

Flexible Management

Take full control over your security via four management methods: the web UI, NVR UI, VIGI app, and VIGI Security Manager.

One system. Full security.

Run your business with peace of mind.

The VIGI professional surveillance system by TP-Link is dedicated to protecting the business you’ve worked hard to build — whenever, wherever. Our outstanding functions, reliable quality guarantees, and simplified installation work together to ensure your business stays safe and sound.
