

LG 52G930B-B.AEU computer monitor 132.1 cm (52") 5120 x 2160 pixels Black

Model: 52G930B-B

Manufacturer: LG

EAN: 8806096750360

Product Code: 1741230

R30,993

The World’s Largest 5K2K Gaming Monitor

A massive 52” 5K2K1 curved, ultra-wide screen surrounds you with cinematic scale and UHD detail. A fast 240Hz refresh rate keeps motion fluid, letting vast worlds unfold with clarity and impact.

5K2K Gaming on a Massive 52" Curved Canvas

Step into a massive panoramic view with the world’s largest 52-inch 5K2K1 gaming display. With a height comparable to a 42-inch 4K 16:9 screen, the ultra-wide 21:9 format delivers sweeping scale

and ultra-high-definition detail.

1000R Curvature Wraps You in UHD Clarity

The sweeping 1000R curve brings ultra-high-definition detail closer to your natural field of view, keeping more of the screen sharp and engaging at a glance. Expansive worlds feel clearer, more continuous, and easier to take in from edge to edge

VESA DisplayHDR 600 & DCI-P3 95% Color

VESA DisplayHDR 600 delivers bright, vibrant highlights while preserving detail in dark scenes, so contrast stays clear and controlled. Combined with up to 95% DCI-P3 color gamut coverage, the UltraGear renders rich color—helping fine details stand out in fast-moving gameplay.

240Hz Built for Pure Speed

240Hz2 delivers rapid frame updates that keep motion sharp and controlled, reducing blur during fast camera pans and quick reactions.

1ms Response Time for Clean Motion

The 1ms (GtG) response time helps reduce ghosting and maintain clarity during intense gameplay, so motion stays sharp even in high-speed scenes.

AMD FreeSync Premium

Enjoy fluid, consistent gameplay with AMD FreeSync Premium. Adaptive sync technology helps reduce screen tearing and stutter, keeping motion smooth and visuals clear so you can stay focused on the action.

Next-Gen Connectivity for Your Battlestation

DisplayPort 2.1 supports ultra-high-speed gaming at up to 240Hz, while HDMI 2.1 ensures stable connections for consoles. USB Type-C handles display, data, and up to 90W charging through a

single cable, simplifying laptop and multi-device setups.

PC or Console: Optimized For The Way You Play

UltraGear evo monitors deliver responsive, ultra-fast performance for PC and console gaming alike. With HDMI 2.1 support, fluid motion, and crisp visuals, gamers get seamless compatibility across genres, inputs, and play styles—no setup switching, no performance loss.

Clear, Built-In Stereo Audio

Enjoy clear, well-balanced stereo sound from the monitor’s built-in speakers—ideal for gaming, streaming, and everyday entertainment. For more focused play, connect a headset through the 4-pole headphone jack for private audio and clear comms during gameplay.

Smarter control: Seamless Switching with LG Switch

LG Switch lets you adjust image preferences and brightness directly from your desktop and apply settings instantly with a hotkey. Split your screen into up to 11 layouts, launch video calls with a click, and keep your gaming and everyday setup fast, organized, and distraction-free.

Sleek, Adjustable Gaming Design

Built to anchor a serious gaming battlestation, the streamlined stand keeps your setup clean - even with a massive 52-inch screen. Height, tilt, and swivel adjustments help you fine-tune your view, while the slim base reduces desk clutter for a more refined setup.
