Productivity and Efficiency

LG offers various thin client form factors. LG’s excellence in display products can add value to your work environment with better performance and lower costs than a conventional PC device.

Powerful Performance

With Quad-core Processor and a powerful system memory option, 27CQ651W helps you complete your work faster and easier than ever.

Accurate Color at Wide Angles

LG Full HD display with IPS technology delivers a clear and accurate color. It provides visual comfort for viewing charts and reports with others, presenting clear images at wide angles of up to 178 degrees.

Make Your Own Productive Workstation

LG 27CQ651W supports up to 4K UHD resolution dual displays. With flexibility for multi-monitor set-up options, you can get more done in less time.

A Thin Client, Also Available As Monitor

Thanks to HDMI in port, LG 27CQ651W is available as a monitor by connecting to a desktop or laptop with an HDMI cable.

Boost Usability & Security

Featuring the push-pull type built-in Full HD webcam with powerful security and the integrated speaker, to host various meetings and video conferences.

Silent and Cost-efficient

The fanless design increases LG 27CQ651W’s lifespan and also reduces replacement costs. The low noise and heat provide a pleasant office environment, and its lower power consumption reduces management costs.

Advanced Management for Cloud Device

It’s the optimized management software for LG thin clients. By installing on LG thin clients using Windows 10 IoT OS, the devices are managed and controlled centrally for high security, work efficiency and TCO reduction effect.

Smart Workspace

You can create the comfort workspace with versatile screen tilt, height, pivot and swivel adjustments. By featuring the one click stand, allows you to save time and reduce a loss of work for multiple thin clients setup.
