The Ultra-Thin 3,000mAh Magnetic Power Bank is designed for seamless, everyday power in an exceptionally slim and refined form factor. Fully compatible with Qi and MagSafe technology, the secure magnetic alignment ensures effortless attachment and reliable wireless charging without cables.

At just 5.8mm thin and weighing only 80g, it is remarkably lightweight. It slips easily into your pocket while remaining powerful enough to provide dependable backup power when you need it most. With a 3,000mAh capacity, it is ideal for daily top-ups and emergency charging on the go.

The power bank delivers up to 7.5W wireless output but also supports USB-C charging with a maximum 10W output.
Crafted from premium materials, the durable aluminium body helps dissipate heat efficiently, while the liquid silicone front enhances magnetic grip and optimises power transfer to your device. A 0.3m
